
80W LED All In One Solar Light(INH-80)

80W LED All In One Solar Light(INH-80)

SOLAR LED STREET LIGHT
5 Years Product Warranty

Model No.: INH-30W/40W/50W/60W/70W/80W

General information:

On the principle of eco-friendly and intelligent application, this integrated solar LED street light was born to solve the problem of high-expense electricity or lacking electricity in some areas, by using the solar power energy. Well-designed by our senior ID engineer, super-thin body design of 26mm thickness, detachable battery storeroom and RGB indicator makes it more artistic and easier to operate.

INH-80W

1. Product Parameters

| Electrical Characteristic | |
|----------------------------|-----------------|
| Model No. | INH-80W |
| Solar Panel Volt/Power | 18V/110W |
| Battery Capacity | 519.5WH Lithium |
| Charging Time | 6-8 H |
| Discharging time | >36 H |
| Working Temperature | -25C ~+65C |
| Switch Threshold | 15 LUX |
| Sensing Distance | ≤12M |
| LED | 84 PCS 5050LED |
| Lumen Flux | 8500-10000 LM |
| Luminous Efficiency | 130-150LM/W |
| Light Distribution | Batwing Type |
| Color Temperature | 2800-6500K |
| Light Body Size | 1755*360*270MM |
| Weight | |
| Installation Height | 9-11M |
| Pole Installation Distance | 27-33M |

Product Advantages

Compared with LED street light

- 1.Supplied by solar power energy, eco-friendly and no electricity charges;
- 2.DC12V power supply system, more safety than commercial electricity;
- 3.Easier installation, no buried cable;
- 4.Lower maintenance cost, all the problems will be found on smartphone APP;
- 5.All the lights are independent, won't affect each other if any problems occur;
- 6.Time control and light control, will automatically turn on/off according to the real-time environment, and can set lighting time in different periods.

Compared with other solar street light

-
1. Self-designed and self-developed, exclusive private mold;
 2. All the components, such as solar panel, battery packing and controller, are entirely produced and tested by our workshop, which makes the quality control better;
 3. Choose raw materials from major brand suppliers, such as Bridgelux;
 4. All the lights will be under aging test for 72 hours to guarantee the quality before shipping;
 5. Patent bluetooth APP, can turn on/off the light, read the data, troubleshooting and so on;
 6. With detachable battery storeroom, easier to replace the battery or controller, no need to disassemble the light;
 7. We provide 5 years warranty.
